Where Will You Find as Liberal an Assortment of High-Class Furniture and Carpets?

Our stock possesses great interest for any one who appreciates furniture that shows artistic beauty. Many of the cleverest brains of the country are now employed in designing furniture, and manufacturers are all striving to outdo each other in the excellence of their designs. The cream of the new designs can always be found amongst our stock, and many of them we alone have the right to exhibit in Washington. Under the same conditions many firms would feel justified in charging fancy prices, but we limit ourselves strictly to a small margin of profit, and mark our goods according to their cost. Our large trade gives us exceptional facilities for buying at low prices, and it is seldom indeed that you will not find our prices lower than other dealers ask. You are at liberty to make use of our easy credit terms whenever you wish.
